

Hutt Central School Newsletter

No 10 27th September - 1 October Term 3 2021

Kia ora Tatou

We have come to the end of a rather unusual term which has felt a bit like three terms rolled into one. I thank you all for supporting us as we moved between covid alert levels this term which created a period of uncertainty - I acknowledge that it has been great to be back at school for the last three weeks. I would also like to thank our staff for supporting our students with the provision of a safe and caring environment to get back to their in-school learning.

We have had to cancel or postpone a number of events and opportunities this term, we are hoping that next term will bring us more opportunities within and beyond our school.

Values

The value of **resilience / manawaroa** has been particularly important this term as we adjust to new ways of working and learning. I am really pleased with many of our students for showing **resilience / manawaroa** to help us change and work out new ways for our school to work at Covid Level 2.

In 'all settings' at our school, we have these expectations for **resilience / manawaroa**:

- **Keep trying**
- **Support others**
- **Keep practising**
- **Change something if it doesn't work**

New Pupils

Welcome to Cameron Jorgensen who has started at Hutt Central School this week. It is great to have you here.

Assembly

Our senior students have been working on recording our awards and presentation for the end of term assembly throughout this week. Please follow the link below from 2:30pm tomorrow (Friday 1 October) to view. This link will be available for 48 hours.

Out of Zone Ballot - Monday 18th October

We have a ballot on the first day of next term to see if there is an opportunity for Hutt Central School to enrol some students from outside of our school zone over terms 1 and 2 of 2022. Application forms can be found on the school website and need to be emailed to admin@huttcentral.school.nz by 3pm Friday 15th October.

Health and PE Consultation

As part of our Health and PE Consultation, the Board of Trustees have developed our Health and PE Curriculum statement which can be viewed below. The next step in our consultation process is to develop our Health and PE Curriculum programme which will be shared at our Community Evening on 10 November 2021.

Teacher Only Day

On Friday 22 October we are holding a teacher only day. (This is the Friday before Labour Day). This teacher only day is one of the days allocated to us by the MoE to work on planning for 2021. Please note that we will not be open for instruction on this day.

Sunhats and School Hoodies

Sunhats are compulsory for students playing and working outside in term 4. We have 3 sizes of good quality bucket hats with the school name embroidered on available at the school office for \$15.

We are going to make one last order for the year of school hoodies at the end of week 1 term 4. We are asking parents of the Year 6 pupils if they would like to purchase one for their child as a memento of their years at Hutt Central School. They are also available for any student to purchase and are great to wear to school or sports when representing Hutt Central School. Please see the order form at the end of this newsletter or ask for one at the school office.

I hope that you all enjoy the next two weeks away from school for our term break and I look forward to seeing everyone return for the start of Term 4 on Monday 18 October.

Ngā mihi,
Michael Gendall

Hutt Central School Health and Physical Education Curriculum Statement

Under Section 91 of the Education and Training Act 2020, the Board is required to adopt a statement on the delivery of the Health Curriculum. This statement gives direction for the Health and PE programme at Hutt Central School (HCS). The programme itself is linked here [hypertext link when programme completed]

Our mission at Hutt Central School (HCS) is to: 'Empower our children to meet the future with confidence. Whakamana hia ngā tamariki kia tutuki ia ratou nga wawata me nga tūmanako'. Our values - Auahatanga / Creativity, Haepapa / Responsibility, Whakaute / Respect, Manawaroa / Resilience - guide our Health and PE teaching and learning through a strong sense of community that supports an innovative and dynamic approach to children's ongoing education and hauora/wellbeing.

Our Health and PE programme aims to positively develop our students' knowledge, skills and attitudes to maintain and enhance personal and collective well-being. Students are encouraged to think critically and empathetically about social and societal influences on their own and others' hauora/well-being. They will engage with age appropriate opportunities to take action to support and promote their own well being and that of others.

At HCS our Health and PE Curriculum is guided by the Health and PE Learning Area of the New Zealand Curriculum (2007). For more information visit TKI: [The New Zealand Curriculum Health and Physical Education](#).

In designing the delivery of our Health and PE Curriculum, HCS consults with the school community regarding the way in which the Health and PE curriculum should be implemented - given the range of views, beliefs, and customs of the community. This helps to inform our policies and procedures.

Specific health learning areas are taught as discrete lessons which are notified to parents and caregivers termly. Whānau are given the option to withdraw children from these lessons. Health education can be taught through meaningful integration of selected topics that carefully align with other curriculum areas. We explore hauora well being, values, identity, friendships and relationships, bodily growth and changes, personal care, healthy decision making, and healthy eating.

Our students have the opportunity for regular physical activity in order to be able to think, move and communicate. They will develop fundamental movement skills which are transferable to a range of activities and sports.

Health and PE is taught by classroom teachers. They are supported through health education specialist courses to identify students' learning strengths and needs to deliver the HCS Health and PE programme. External providers such as Nuku Ora, Life Education, Police Educators, and sports associations are selectively engaged to support and enhance our learning in Health and PE.

Sport team and New Entrant Class Photos - Thursday 21st October

Please see the information flyer attached with this email.

Please note that all photograph works (including naming information) will be published to an online gallery (password protected) to supply any ordering party. All works are subject to INphotography's privacy policy and website terms and conditions which may be found on their website at INphotography.nz.

By allowing your child to participate in the photographs you are consenting that your child's personal details (including full name) be given to INphotography which will be used to identify them in any group photograph/s that they are associated to (including as an absentee if relevant).

IF YOU DO NOT WISH FOR YOUR CHILD TO PARTICIPATE, PLEASE INFORM THE OFFICE BEFORE PHOTO DAY

Visit our website for links to the classes, contacts for teachers and an updating Calendar

Family Zone Offer

At Hutt Central School, we use a system called Linewize to ensure we have a safe digital system. We are able to filter and view what students are doing on the devices and are alerted to anything that may seem out of alignment with the learning.

We are pleased to announce that we are now able to offer a school-community approach to cyber safety.

Family Zone Insights is a FREE pack available to all families at the school providing them with powerful insights to view internet usage on devices with Mobile Zone activated. This includes snapshots of usage and detailed reports, along with visibility into installed apps and (where activated by parents) device location. Please visit the Hutt Central School Cyber Safety Hub to find out more.

What do Sonny Bill Williams, Portia Woodman and Rieko Ioane all have in common?

They all did athletics while they were at school. The skills you learn in athletics are the perfect foundation for almost any sport.

Our local athletics club, The Lower Hutt Amateur Athletics Club is welcoming new members now. They provide everything that you need to give it a go.

To find out more contact your local club at athletics.org.nz/FindaClub
